Your Honor

I'll writing on behalf of
my son Richard Treis

I've been with his dad
since I was 15-51 years old

Richie is a good soul
he had his eye put out
when he was 3 years old he
went and had 12 eye operations
in 12 years. His dad just
had 2 strokes I've had 2
myself any other time

Richard started highschool never
played basket ball much
let when he tried out he
made the team when he
was a senior he won a
free ride book and all
he probably only has 4
months and he can get his
bachelors degree. I don't know
what happen he was the
best kid I could have
prayed for. I moved back
my wife to Bourbon mo.
so they would be safer

He never gave us
any problems with him till
he got addcted to meth. I
really need my son home
more than anything I
know hes been a different person
the last few years he has
turned into my fun loving son
again he has 3 grandkids and
two on the way. I begging
for you to give him
1 more chance this is the
first letter I've ever wrote
for him and if I didnt
feel in my heart he was
still the person he was I
would not be writing this
we love our son more
than anything he has finally
the last few years hes my
son Im throughing myself
on the cent to please
give him a chance we dont
want him to be in jail
when we die Im begging for
